

## American Oncology Network, a Rapidly Growing Network of Community-Based Oncology Practices, Receives Strategic Investment from AEA Growth

April 28, 2023

**FORT MYERS, Fla., Apr. 28, 2023** – American Oncology Network (“AON” or the “Company”), a rapidly growing network of community-based oncology practices, today announced that the Company has entered into a definitive agreement to receive a strategic growth investment from AEA Growth.

Since inception in late 2018, AON’s goal has been to support community-based oncology practices, providing a robust, clinically integrated platform. AON provides comprehensive support, access to revenue-diversifying adjacent services, and practice management expertise to empower physicians to make cancer care better. For patients, this translates to care-enhancing services (such as access to clinical research, a centralized medically integrated specialty pharmacy, diagnostics, and pathology), a dedicated care management team, and a variety of financial assistance programs, ensuring that patients’ experiences are at the forefront of cancer care.

AEA Growth is investing, upon the satisfaction of customary closing conditions, \$65 million into AON and the proceeds of the investment will be used to help further AON’s goals of supporting community practices and improving the patient experience. AEA Growth will have a minority interest in the Company, which will continue to be majority owned and governed by licensed oncologists.

AEA Growth’s investment follows a strong period of growth for AON, which generated over \$1.1 billion in revenue in 2022 (reflecting over 20% growth year-over-year). As of December 31, 2022, AON’s platform includes almost 200 providers including over 100 physicians and 30 practices across 77 locations in 17 states.

“We are excited to partner with the team at AEA Growth to continue growing the AON platform,” said AON CEO Todd Schonherz. “Over the past five years, our team at AON has invested a significant amount of capital into the AON platform which enables community-based oncology practices to operate with the benefits of our combined scale and expertise, while also allowing practices to maintain their autonomy. We believe that AEA Growth is aligned with our mission to continue investing behind our practices and to provide AON’s patients with cutting edge cancer care.”

“AON enables oncology practices to deliver best-in-class cancer care in the community, where it is both convenient and better value for patients,” said James Stith, Partner of AEA Growth. “We are thrilled to partner with AON given its differentiated value proposition to community oncology practices and strong growth.”

This press release does not constitute an offer to sell or a solicitation of an offer to buy any securities, nor does it constitute an offer, solicitation or sale in any jurisdiction in which such offer, solicitation or sale is unlawful.
